

Wildlife Trust for
**Beds, Cambs
& Northants**

Team Wilder

Ellen Pentland from The Wildlife Trust for Bedfordshire,
Cambridgeshire and Northamptonshire

Who we are

One of 46 trusts across the UK

Our work covers Bedfordshire,
Cambridgeshire and Northamptonshire

We manage over 100 nature reserves
totalling more than 3,900 hectares of land

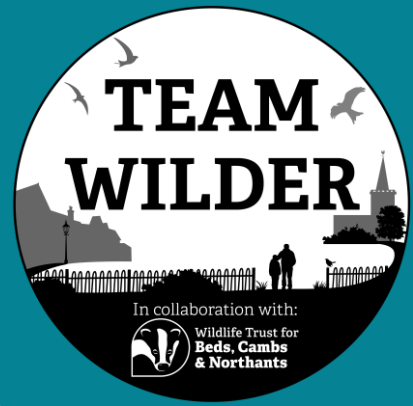

Working within our communities to
education, facilitate and support people to
care for wildlife in their own spaces

Wildlife Trust for
**Beds, Cambs
& Northants**

What is Team Wilder?

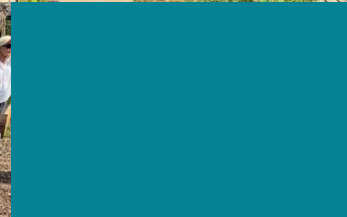

Launched in 2021 by RSWT with the aim of reconnect historically excluded groups with nature and to provide meaningful community support

Uses community organising principles, which is a shift in the way The Wildlife Trusts work

Having been successful across Northamptonshire, we are now taking the first steps to rolling into Bedfordshire and Cambridgeshire

All BCN staff have been through training on this way of working and thinking

Team Wilder and CAN champions

Connect you with existing community projects which we are already supporting in your parish

Provide you with support, advice and training for any projects or for working effectively with your council

Link with any other relevant organisations to support projects or ideas

Historical data across your parish can be provided by Northants Biodiversity Records Centre, with who we work closely

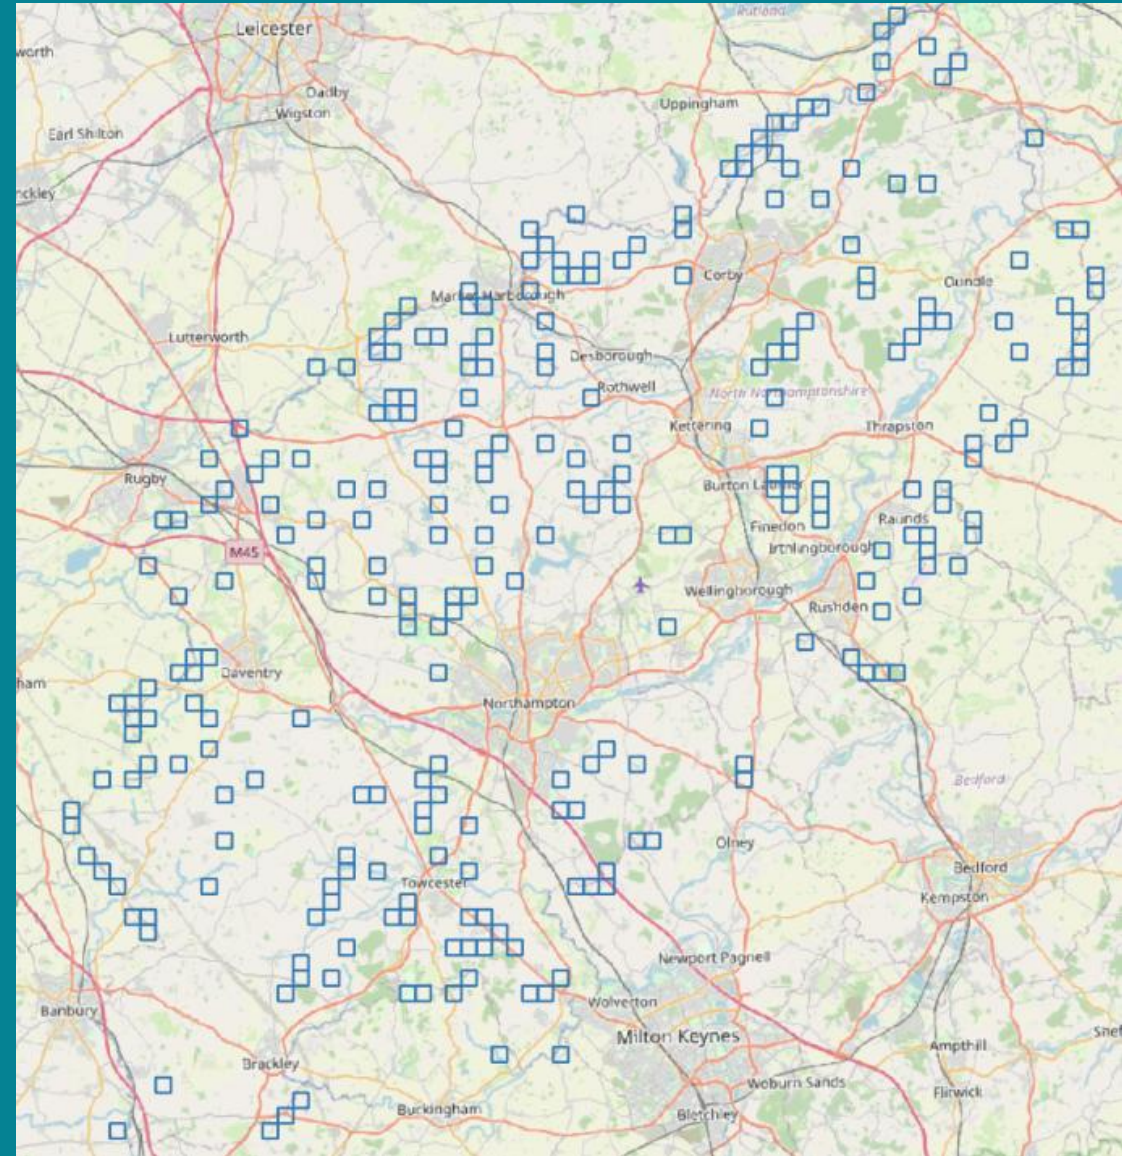

What you can do for us

Tell us what is happening in your parish to support nature

Provide records to NBRC to help understand how nature is doing in our counties
