

Wildlife Recording and How you can get involved

Wildlife Trust for
**Beds, Cambs
& Northants**

Northamptonshire Biodiversity Records Centre

What we will cover:

- Why?
- What?
- How?

Wildlife Trust for
**Beds, Cambs
& Northants**

What is the NBRC?

Consolidate, check and process biological records

Information on **habitats, geological** and **local wildlife sites**

Living database

C1.2 million species records

C1 million verified

57 taxonomic groups

Supports recorders with our library, events and forum

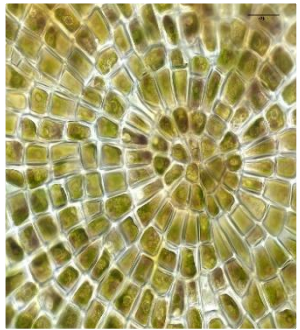

Provides information to consultants, councils, researchers etc.

Why?

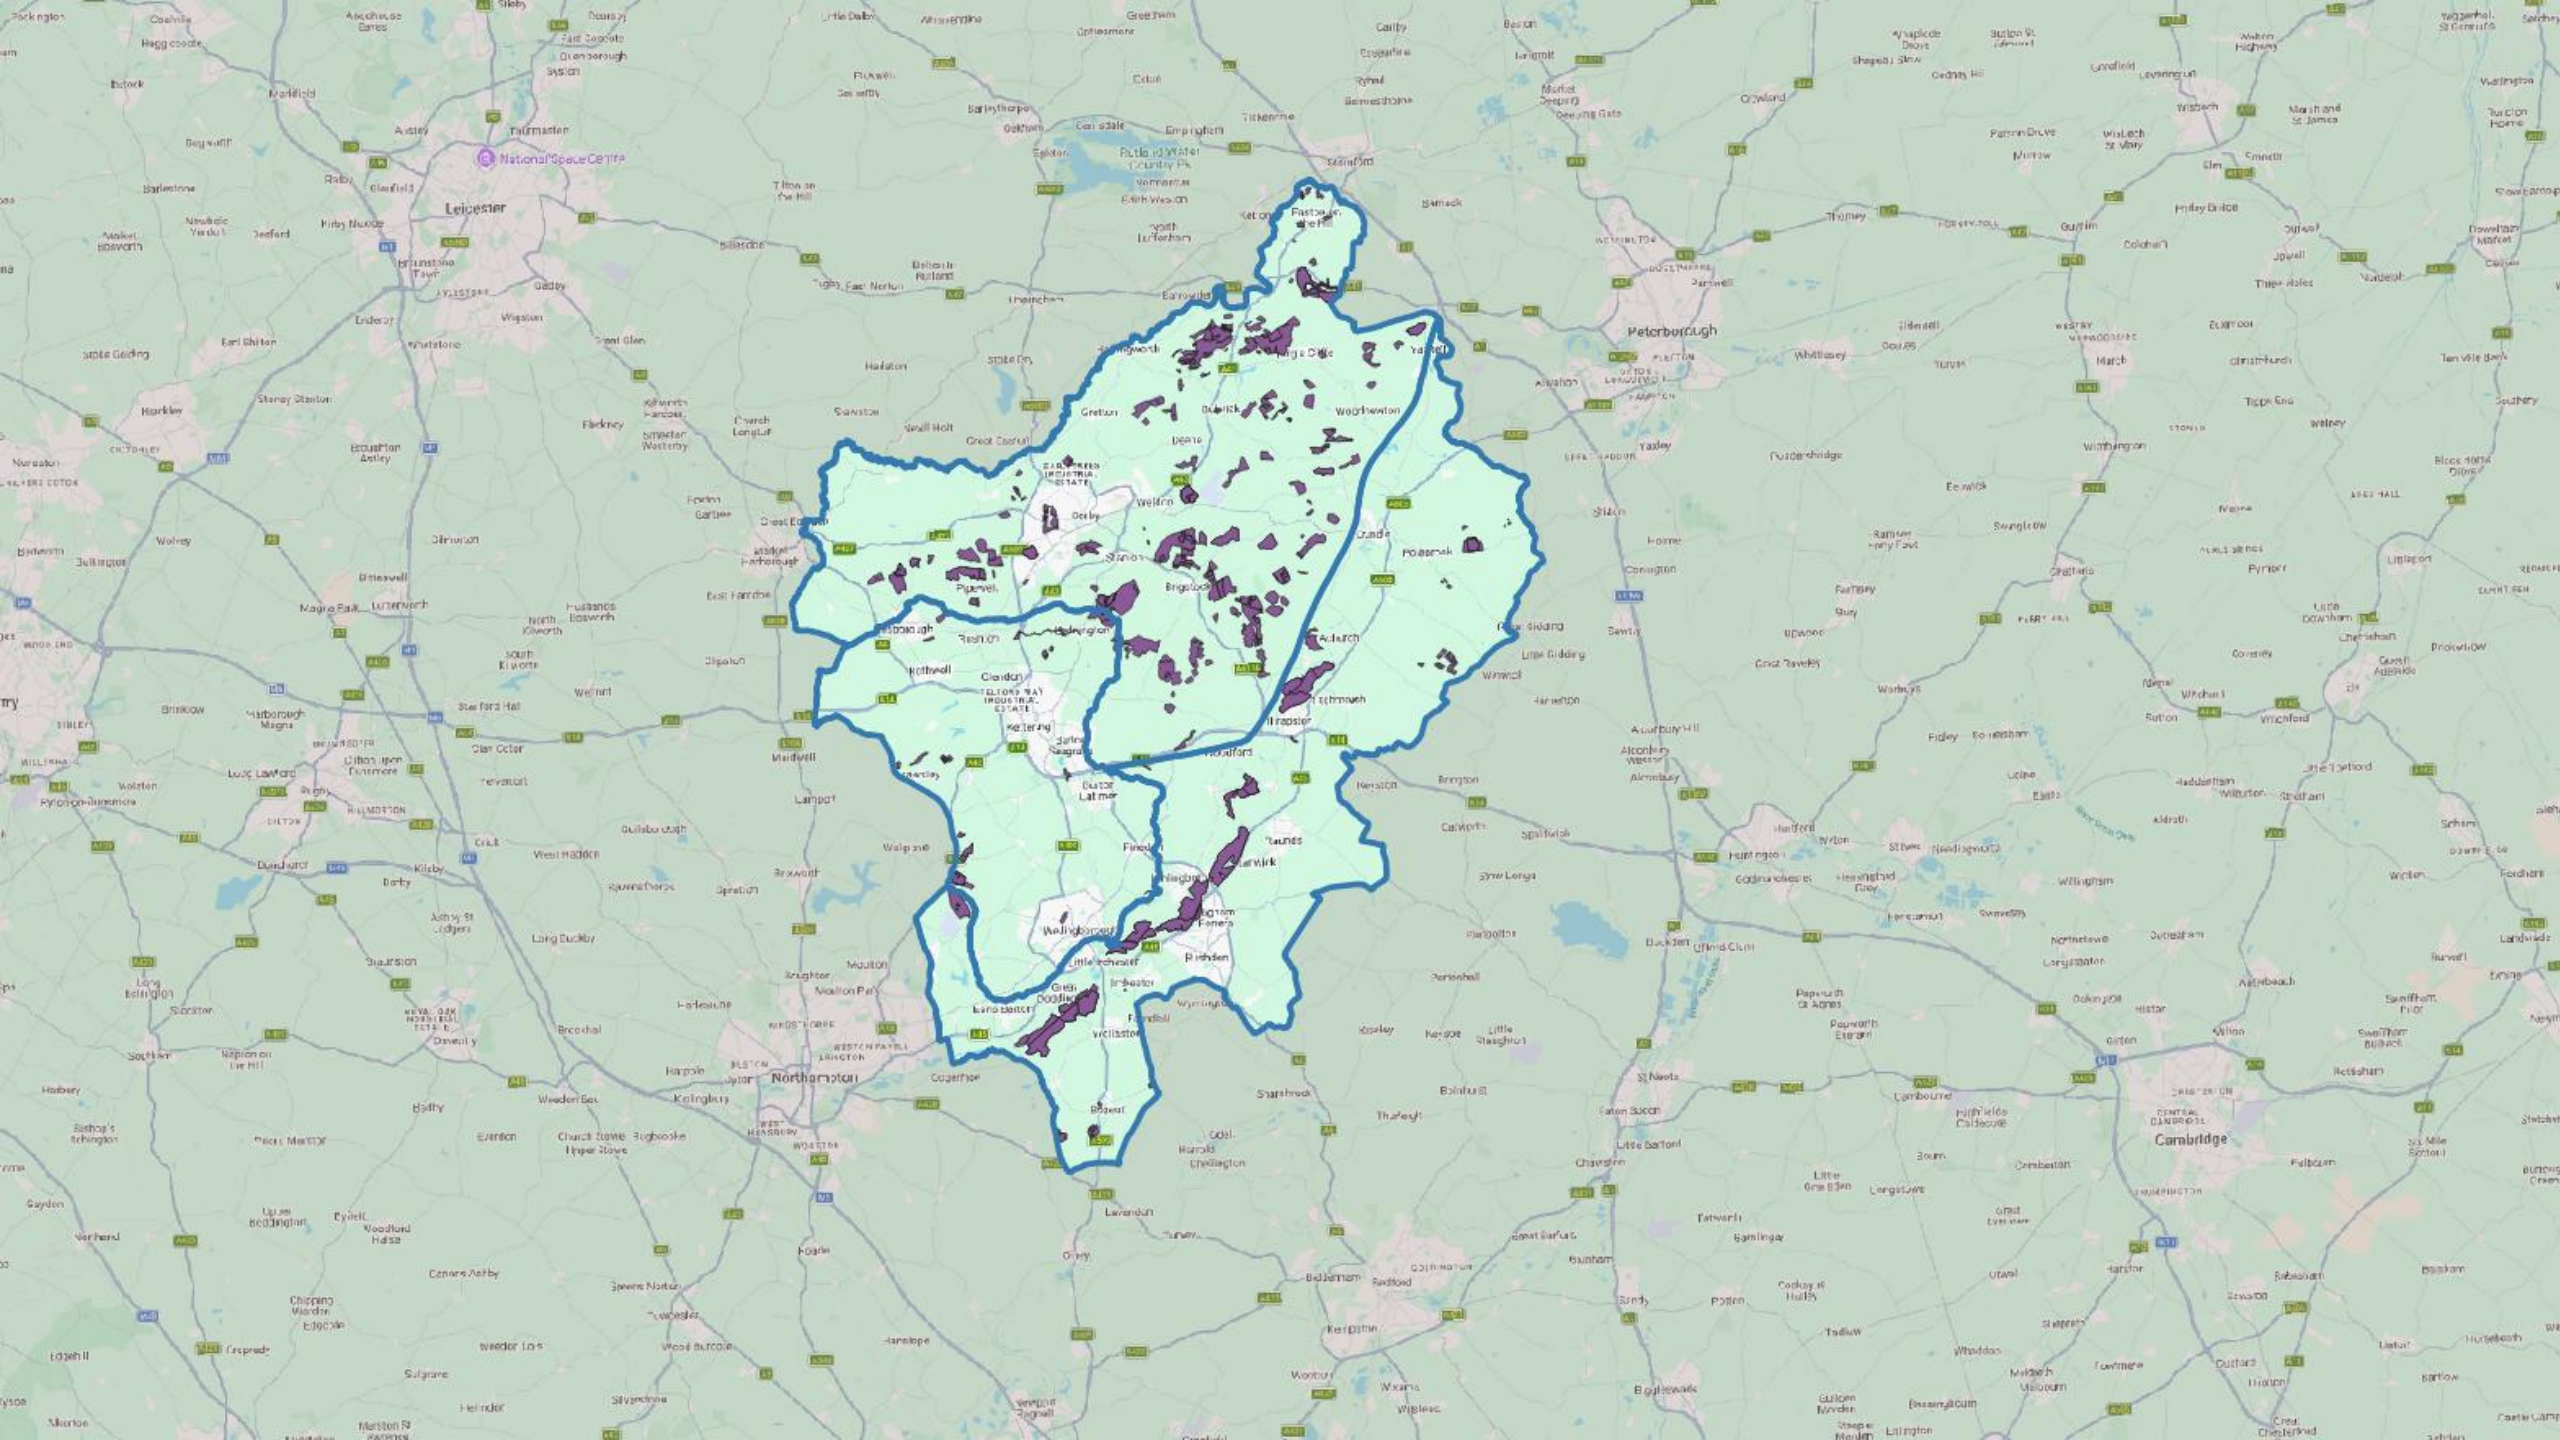

- Conservation
- Research
- Land Management
- Personal Enjoyment

Wildlife Trust for
**Beds, Cambs
& Northants**

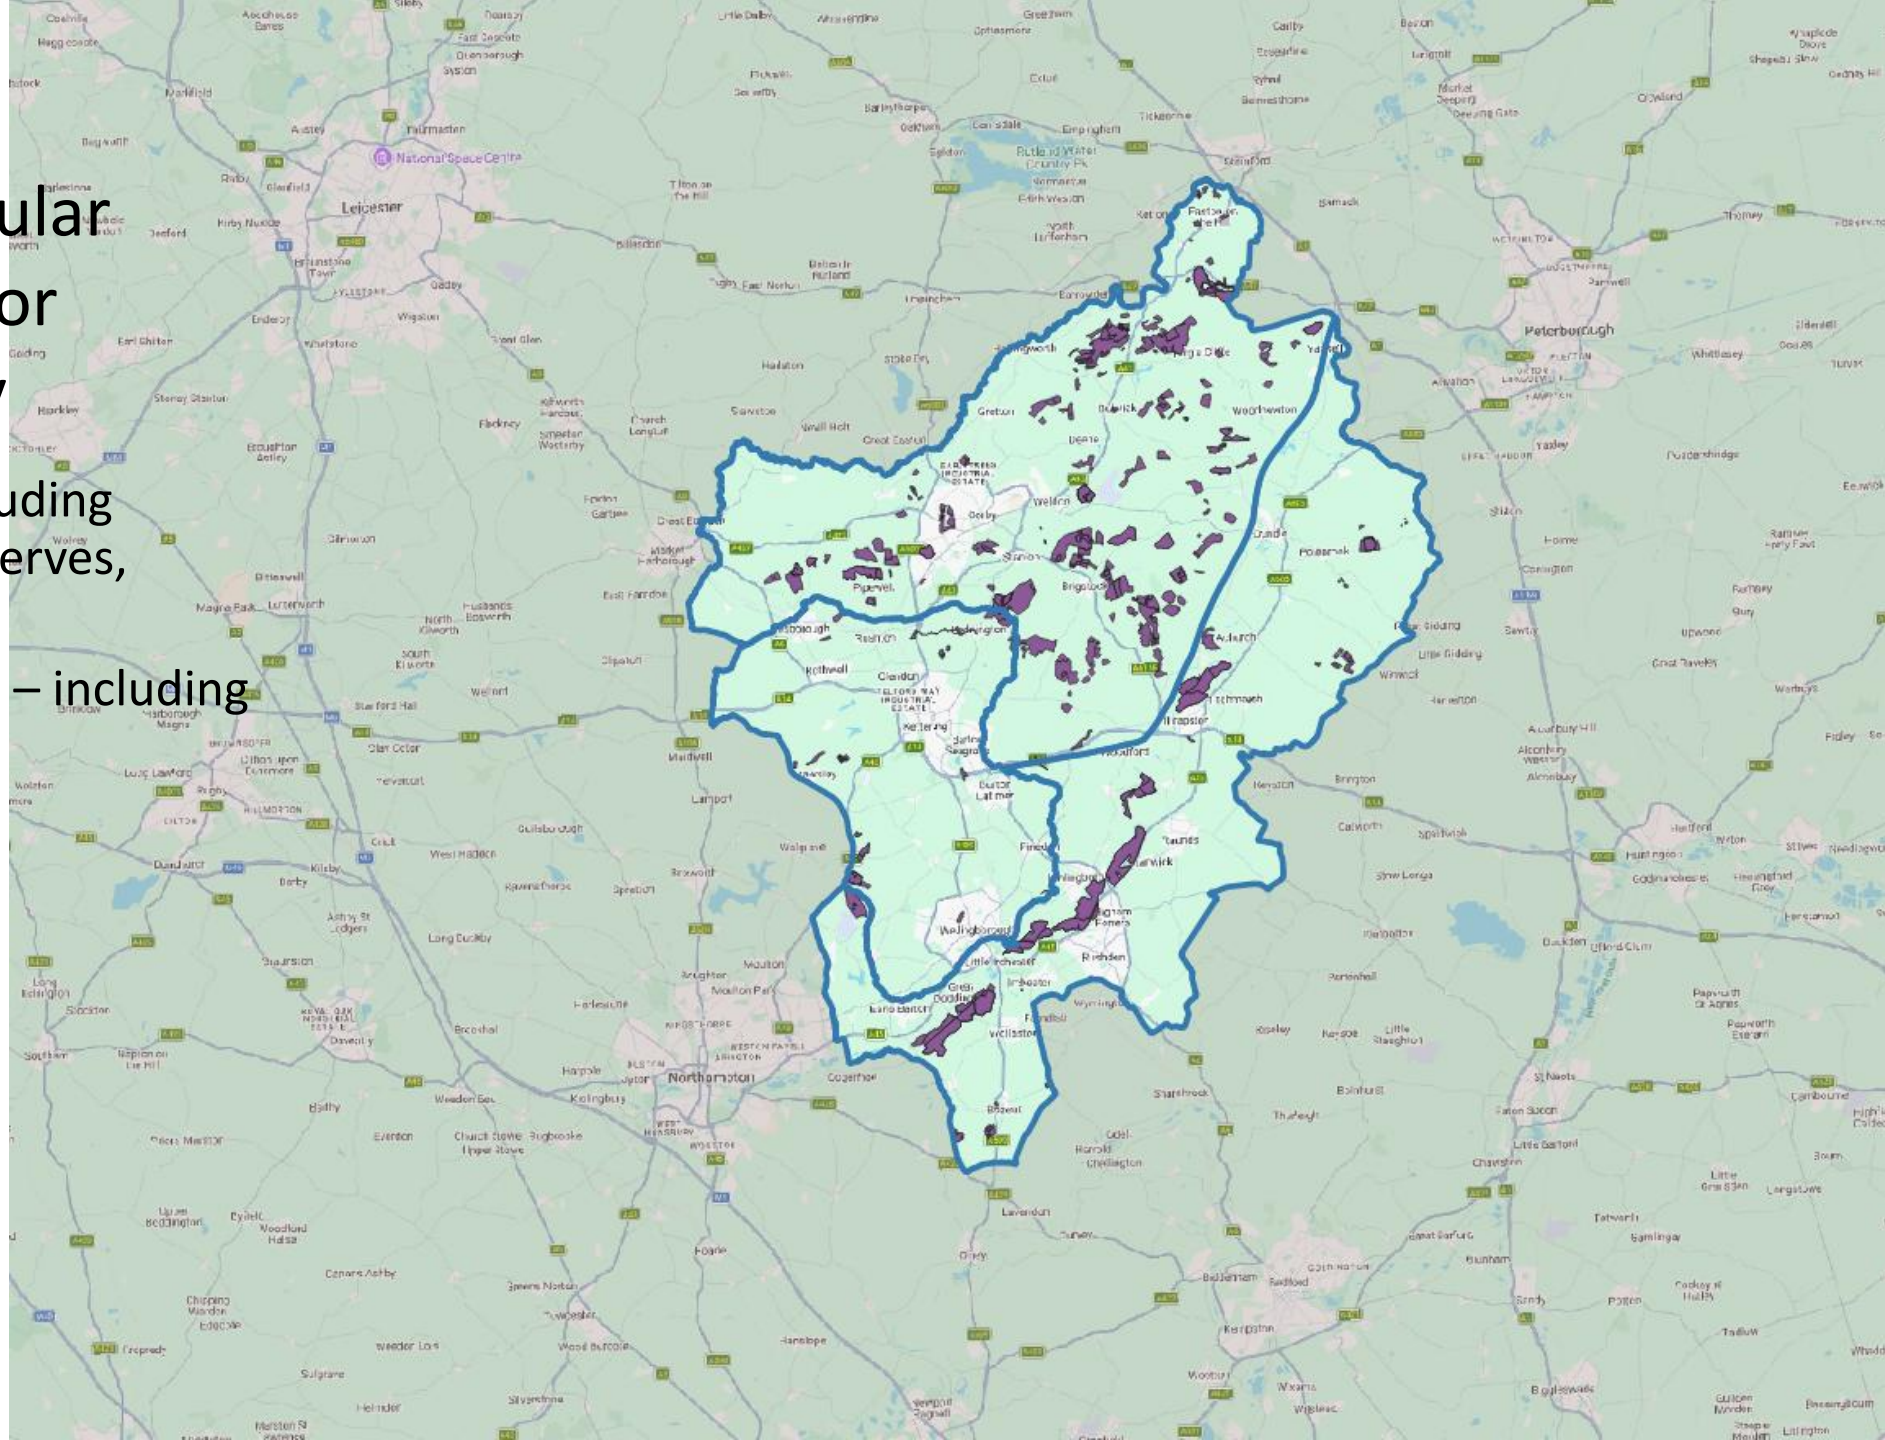

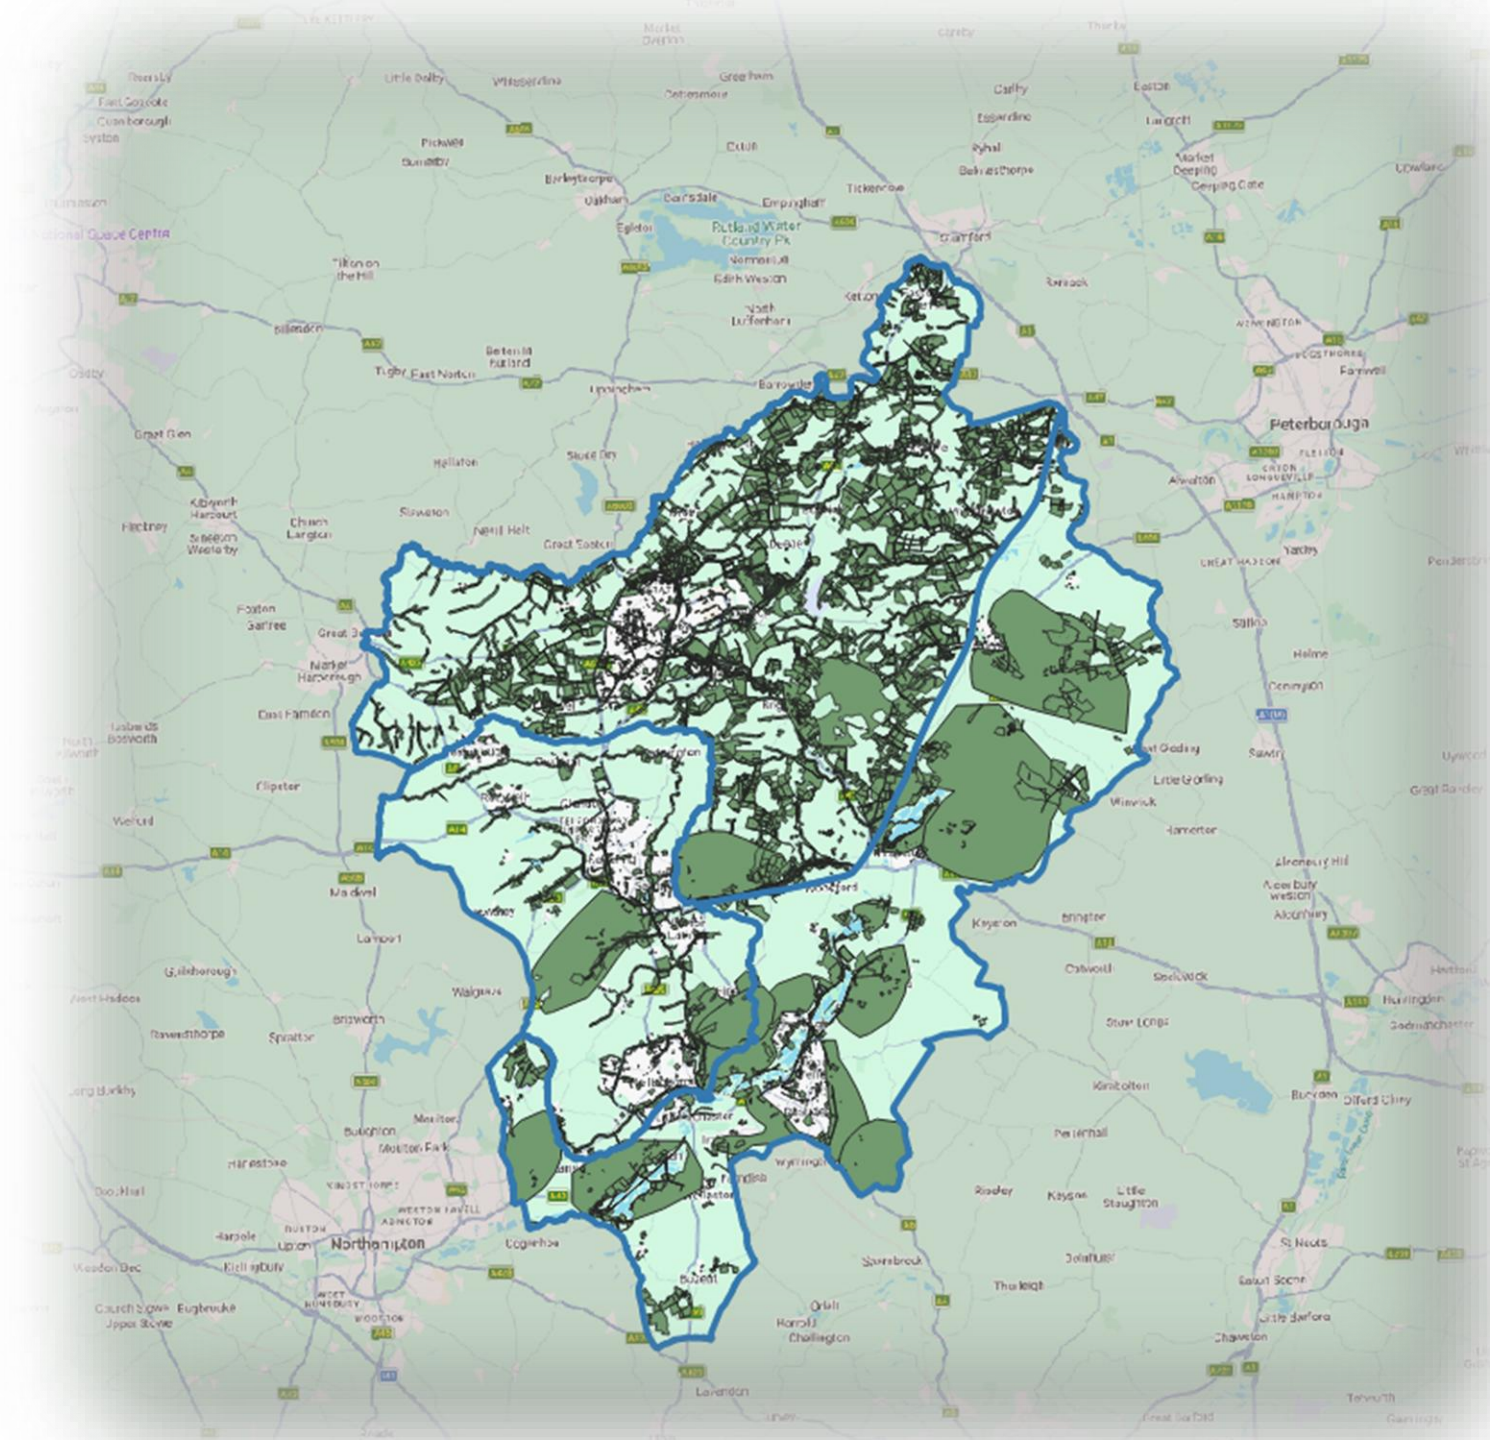

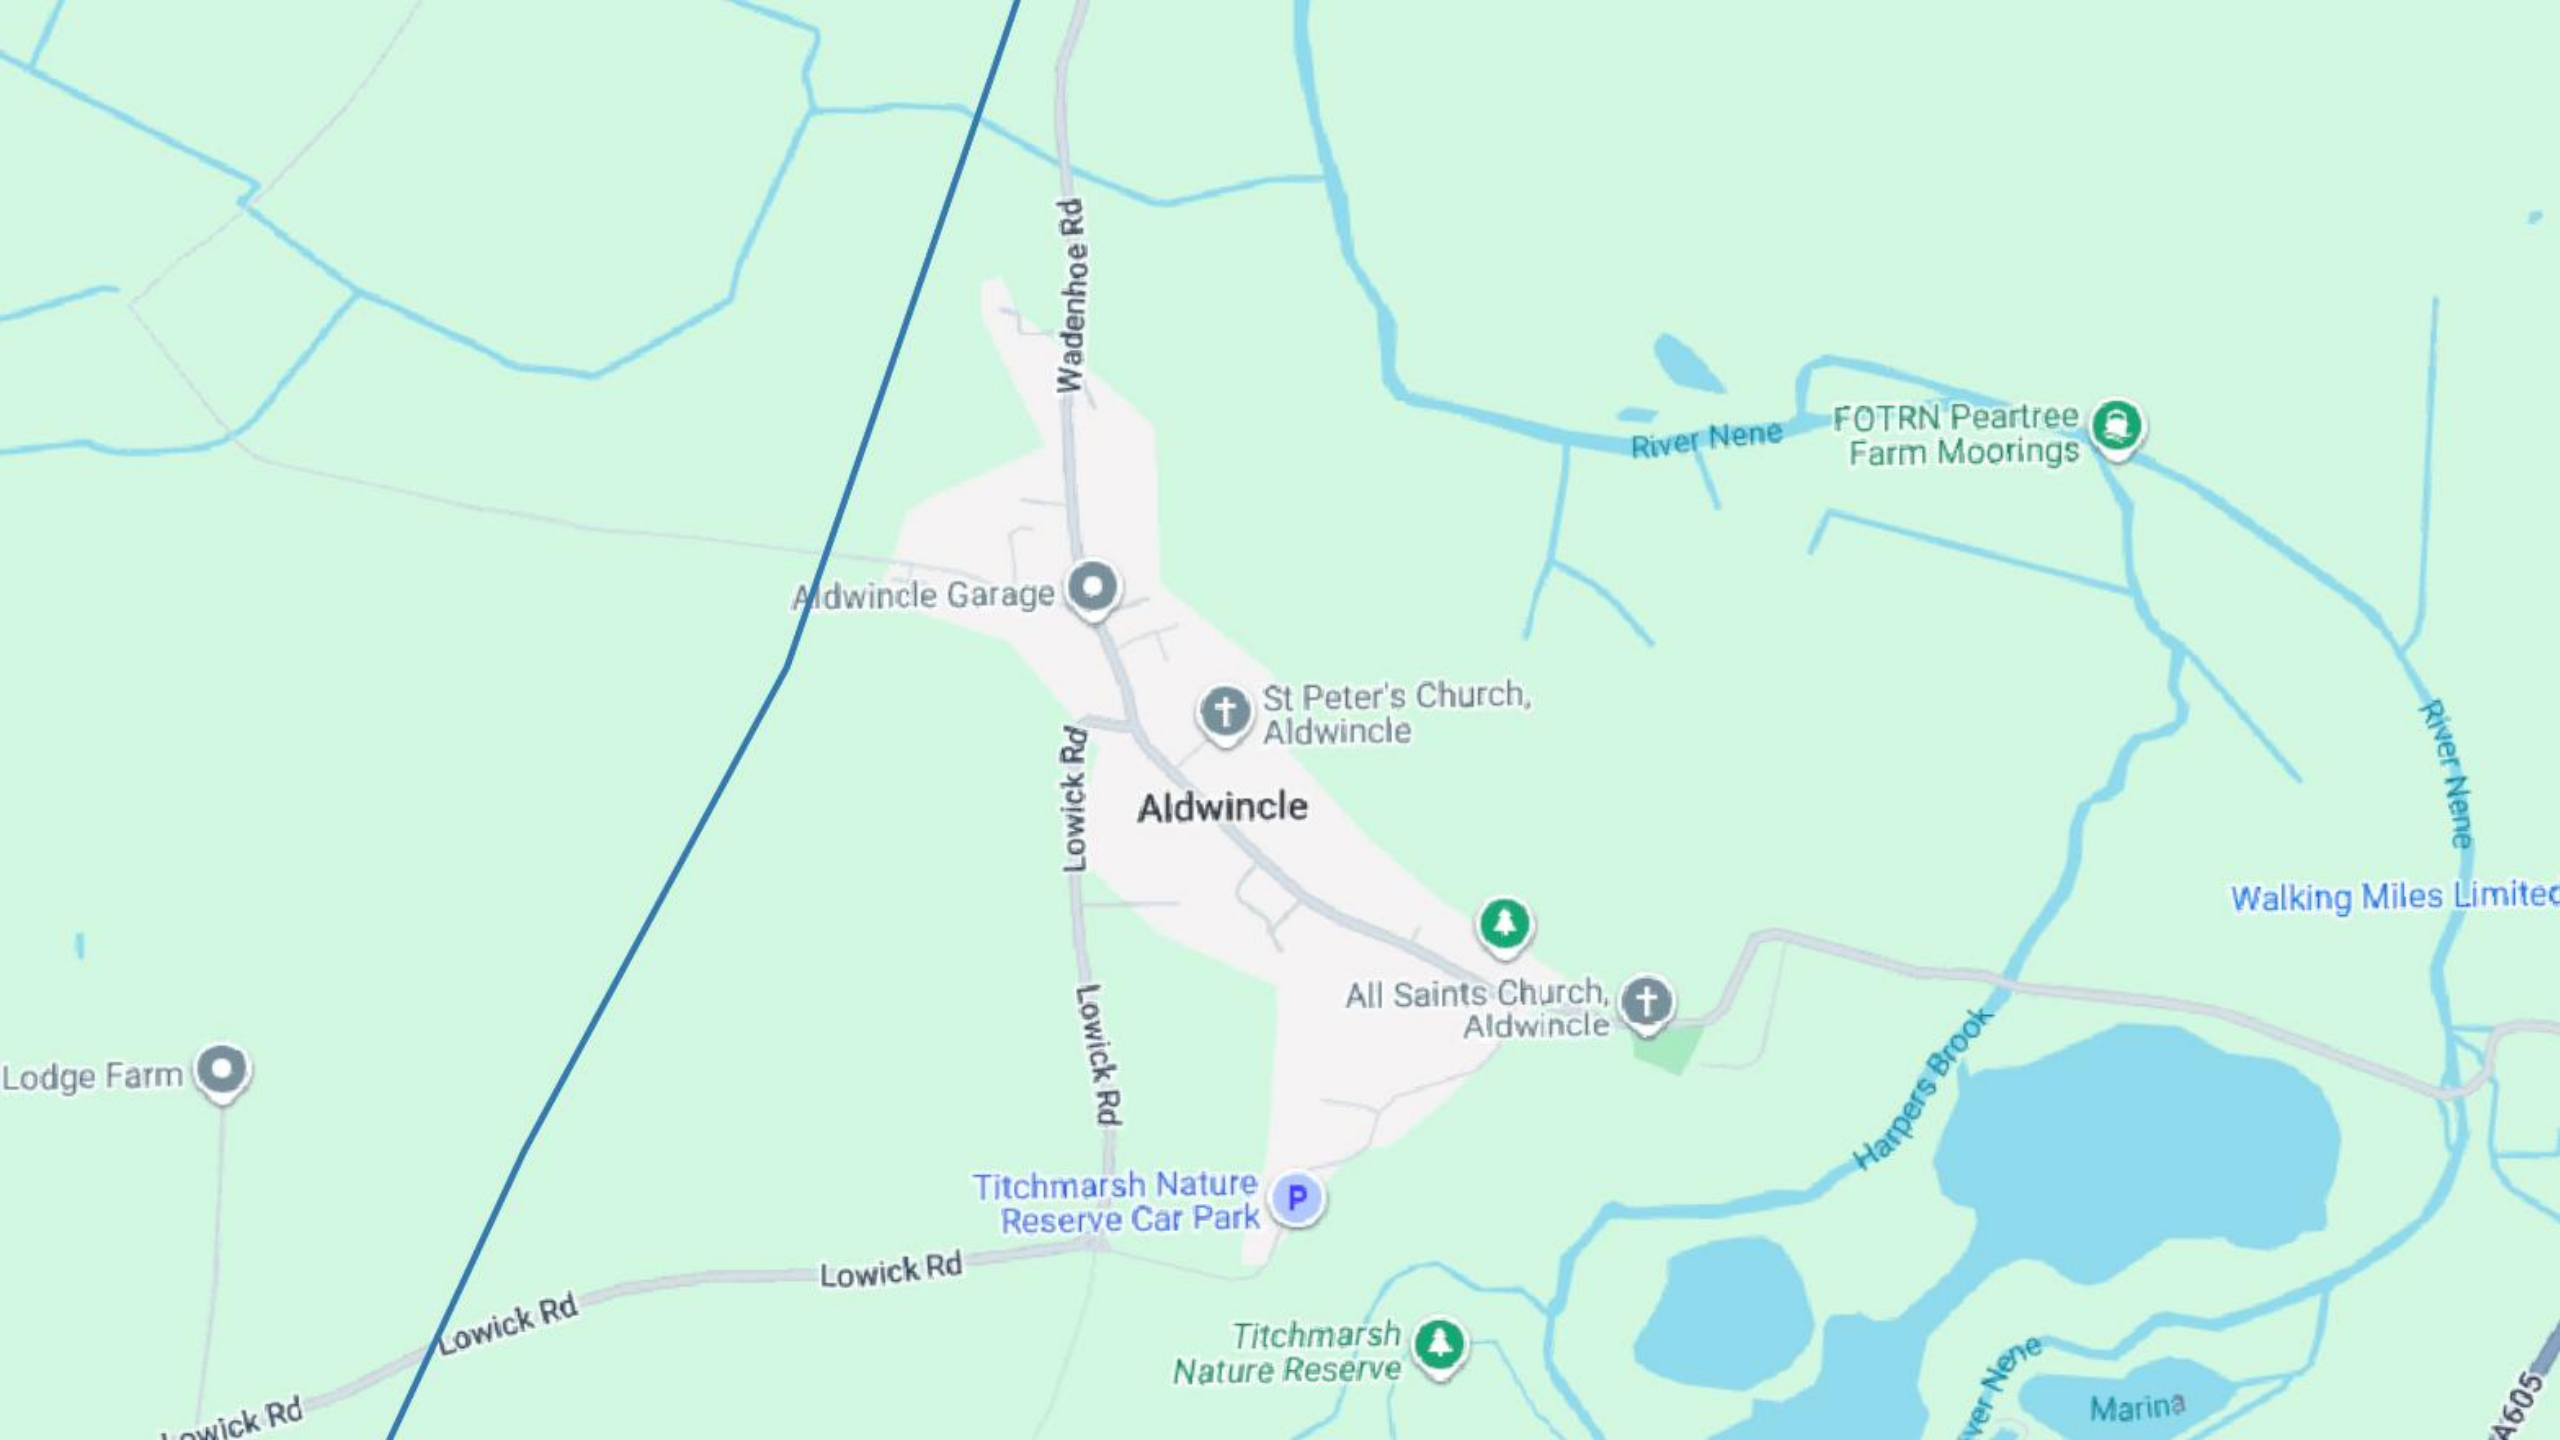

Areas of particular importance for biodiversity

- Statutory sites (Including National Nature reserves, SSSI's)
- Irreplaceable habitat – including ancient woodlands

Areas that could
become important
for biodiversity

Wadenhoe Rd

Aldwinkle Garage

St Peter's Church,
Aldwinkle

Aldwinkle

Lowick Rd

Lowick Rd

All Saints Church,
Aldwinkle

Titchmarsh Nature
Reserve Car Park

Lowick Rd

Titchmarsh
Nature Reserve

River Nene

FOTRN Peartree
Farm Moorings

River Nene

Walking Miles Limited

Harpers Brook

River Nene

Marina

4605

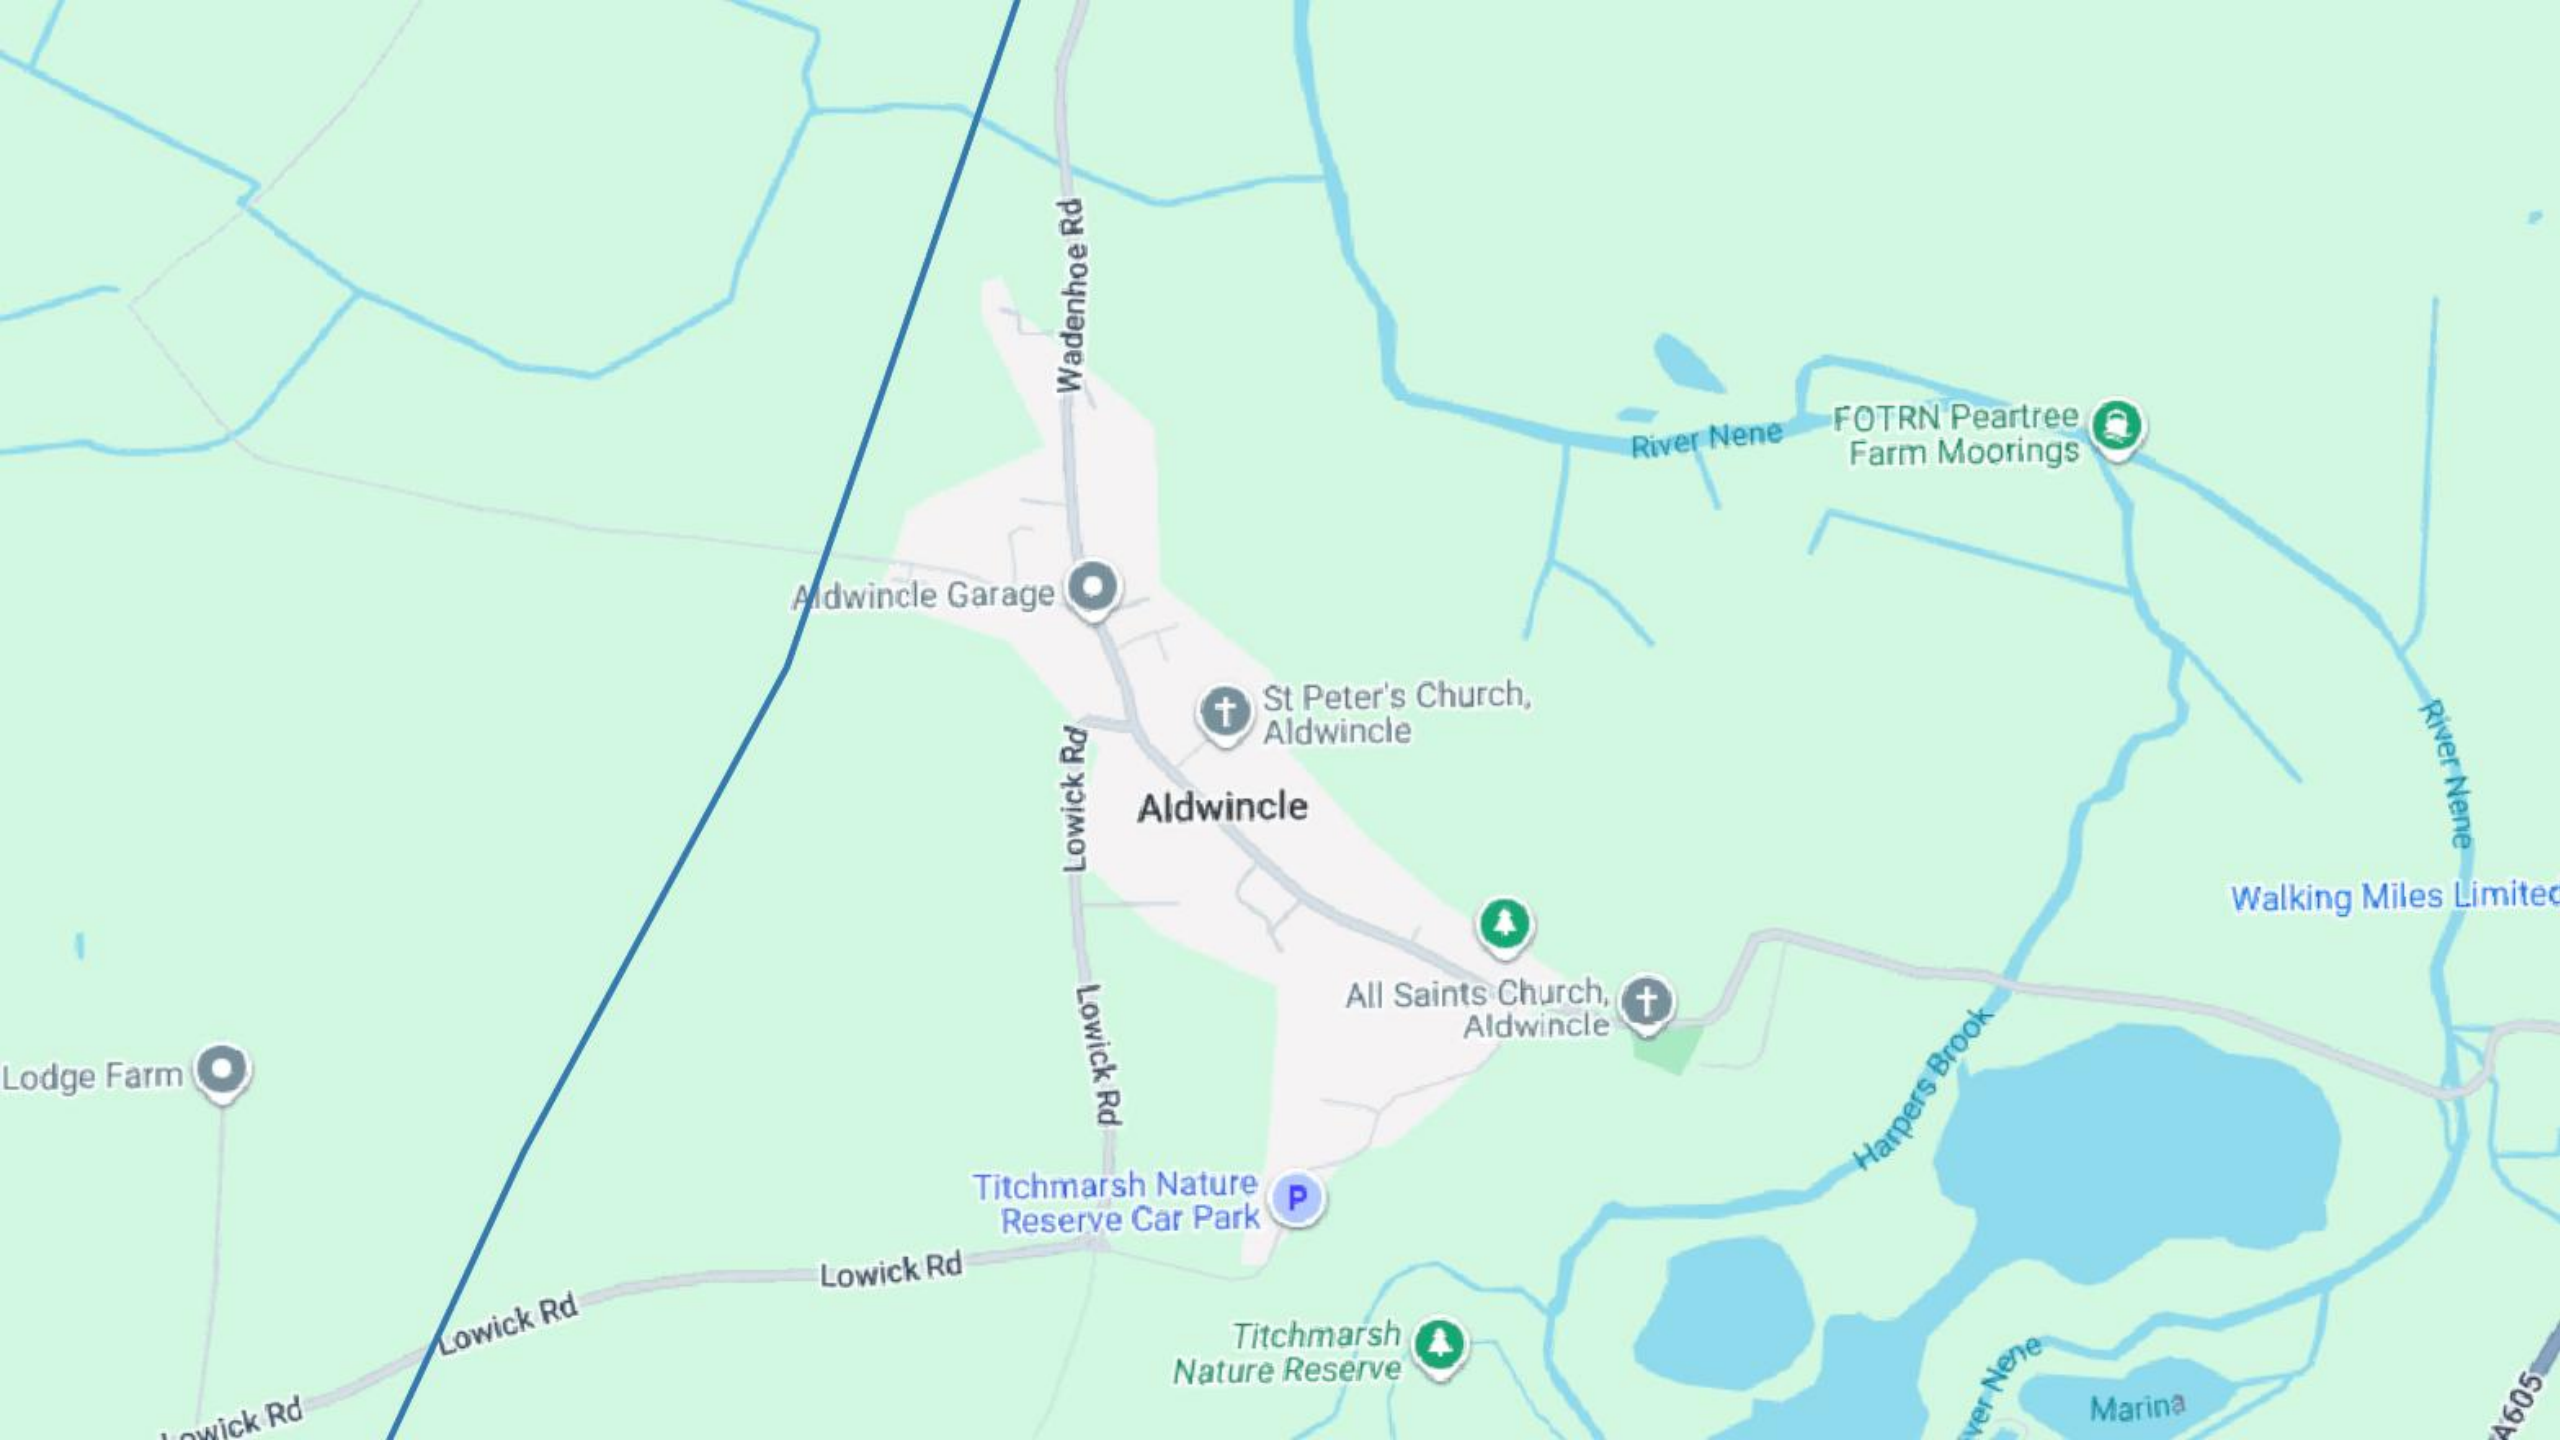

Lodge Farm

Lowick Rd

What do you want from your parish recovery plan?

- Reduced flooding?
- Improve key wildlife areas?
- Improve local access to green space?
- Increase resilience to climate change?
- Local pride?

What do you want from
your parish recovery plan?

**Reduced
flooding**

What could you do?

- Promote planting riparian tree to cool water, reduce sediment and pollutant run off (Dark Red)
- Target Wet Woodland Creation (Light orange)
- Create wet grassland habitats (Blue)

This is the basis of your Nature Recovery Map

What do you want from your parish recovery plan?

- Reduced flooding ✓
- Improve key wildlife areas?
- Improve local access to green space?
- Increase resilience to climate change?
- Local pride?

Basic Components of a Biological Record

Who

Recorder name (you!)
Determiner name – who
identified the species

What

The species name

Where

Location Name
Grid Reference

When

Date dd/mm/yyyy
